

UK IVDD SCREENING PROCESS

1

APPLY IF YOUR DACHSHUND IS 2-4 YEARS OLD & WILL BE BRED FROM

The Dachshund Breed Council's Screening programme is designed for dogs that meet the age and breeding criteria.

2

BOOK AN APPOINTMENT AT ONE OF OUR APPROVED SCREENING CENTRES

X-ray screening is available at a network of veterinary practices in England, Wales and Scotland run by CVS Group.

3

TAKE YOUR DOG TO BE X-RAYED & COMPLETE THE CONSENT FORM

Your dog will need to be sedated. The Consent Form explains the procedure and how your dog's data will be used in our research.

4

RECEIVE THE RESULTS

You will be sent a copy of your dog's results, together with our advice for when you breed from your Dachshund.

5

PARTICIPATE IN OUR ANNUAL FOLLOW-UP SURVEYS

We will invite you to continue to support our research into IVDD by completing an annual survey on your dog's health and that of its offspring.
